- Oragnized Xerocrypt: a 24 hour cryptic hunt event as a moderator

SKILLS

Technical: Nodejs, React Js, EJS ,Express, Bootstrap, HTML, CSS, JS, MySQL, MongoDB, Stripe, Passport, Data Scraping

Coding Language: C++, Python, JavaScript

SUMMARY

I am a highly motivated and proficient Computer Science student pursuing a Bachelor of Technology with a specialization in AI at Netaji Subhas University of Technology. With a commendable CGPA of 8.37, I have a strong foundation in Data Structures and Algorithms and MERN stack Development

My coursework, including the recent CB LV ILLUMINATI JAN'23 at Coding Blocks, has equipped me with advanced proficiency in DSA using C++ and web development. My technical skills span Nodejs, React Js, EJS ,Express, Bootstrap, HTML, CSS, JS, MySQL, MongoDB, Stripe, Passport, Data Scraping, alongside coding languages such as C++, Python, and JavaScript.
